INTERN EXPERIENCE

Web Development

PHN TECHNOLOGY Pvt. Ltd.

📅 April – June 2023

- Developed and implemented responsive web designs for 15+ client projects, resulting in a 40% increase in website traffic and a 25% boost in user engagement levels.
- Collaborated with a colleague to analyze and optimize API structure, resulting in a 40% reduction in response time and improved overall system performance.

ACHIEVEMENTS

- **Code Goda 2023**
"Participated in 'Code Goda 2023' coding competition on Unstop, showcasing software development skills and knowledge."
- **Problem Solving**
Successfully solved and mastered over 220+ Data Structures and Algorithms (DSA) by questions on Geeks for Geeks (GFG), showcasing a strong aptitude for problem-solving and proficiency in key DSA concepts.

WEBINAR & WORKSHOPS

PROGRAMMING PATHSHALA

- Participated in a comprehensive 14-day workshop on programming organized by IEEE branch BIT MESRA.
- Developed a comprehensive understanding of software development methodologies and best practices through workshop sessions.

EDUCATION

Bachelor of Technology, Computer Science Engineering

BIT Mesra - 7.87 CGPA (till 6th semester)

📅 July 2020-present 📍 Ranchi

Higher secondary school (ISC)

N.S. D.A.V. PUBLIC School - 79 %

📅 2018-20 📍 Ranchi

Secondary school (ICSE)

N.S. D.A.V. PUBLIC School - 88.6 %

📅 2016-18 📍 Ranchi

TECHNICAL SKILLS

Languages

C, Java

Frameworks

ExpressJS, ReactJS, Bootstrap, jQuery

Others

Git, MongoDB, MYSQL

PROJECTS

Ecommerce with payment gateway [Link](#)

MERN STACK

- Developed an integration with the Razorpay payment gateway to enable secure online payment processing for in basic e-commerce websites.
- Implemented webhooks to receive real-time notifications of payment events, such as successful payments or refunds, and trigger necessary actions.
-

Weather APP [Link](#)

HTML5, CSS3, JAVASCRIPT, BOOTSTRAP, API

- Develop a weather-based project to show the current condition of city entered by User.
- Utilized a weather API to integrate real-time weather data into applications, providing users with accurate and up-to-date weather information.

SPOTIFY CLONE [Link](#)

HTML, CSS & JAVASCRIPT

- Developed a Spotify Clone web application using HTML, CSS, and JavaScript to replicate the user interface and basic functionality of the Spotify web player.
- Styled the user interface with CSS, utilizing modern layout techniques such as Flexbox and Grid for responsive design, ensuring optimal user experience across different screen sizes.

ORGANISATIONS

CODING MINUTES INDIA

July 2021-present

Campus Captain of the College.

CERTIFICATES

Internshala Training

Completed a rigorous web development internship with Internshala Training, specializing in front-end and backend development. (May- June 2020)
